COMPANY OVERVIEW

WATT Torque and Porta Power is a specialist provider of industrial bolting solutions, torque tooling, hydraulic equipment, lifting, porta power solutions and calibration services across Western Australia.

Established in 2008, we support mining, oil and gas, construction, engineering and maintenance operations with reliable tools, customised solutions, fast turnaround and expert technical support.

With offices in Karratha and Perth, our experienced team delivers end-to-end service and on-site assistance to improve safety, efficiency and project outcomes statewide.

OUR MISSION

We are dedicated to providing exceptional torque and porta power solutions tailored to meet the unique needs of our clients across Western Australia. Our mission is to be more than just a service provider; we aim to build lasting relationships by offering personalised, friendly, and responsive service.

At WATT, we are committed to integrity, creating a safe and equitable workplace, and fostering a community where every client feels valued.

We take pride in going the extra mile, ensuring quick turn-around times, and finding the right solutions for our customers, every time. As a trusted one-stop shop, we continually aim to expand our offerings in partnership with leading industry suppliers.

OUR VALUES

HONESTY

We believe in keeping things straightforward and honest. Transparency and integrity are at the heart of our work, helping us build lasting relationships with our customers and fostering teamwork within our company. You can always trust us to do the right thing for our people and our valued clients.

DEPENDABILITY

When we say we'll do something, you can count on us to follow through. We pride ourselves on being reliable and accountable, so our customers know they can always depend on WATT to be there when it matters most.

APPROACHABILITY

We're not just here to get the job done; we're here to make you feel welcome. Our doors are always open, and we're ready to help with a smile. Creating a friendly and accessible environment is key to how we operate and is essential to building strong and long-lasting relationships with our clients.

ADAPTABILITY

Change is a part of life, and we embrace it with open arms. Our flexibility means we can quickly adjust to meet your needs and navigate any challenges that come our way. Whatever you need, we're ready to adapt and find the best solution for you.

TECHNICAL EXPERTISE

We're proud of our deep technical knowledge and skills in a niche field. Our expertise ensures that we provide top-notch solutions tailored to your specific needs. Our commitment to excellence and efficiency means you are always in capable hands.

BOLDNESS

We love a good challenge and aren't afraid to think outside the box. Being bold means we're always ready to innovate and take proactive steps to solve problems. Our confidence and creativity help us stand out in the industry and push boundaries to deliver the best for you.

We stand by our values, always.

CORE COMPETENCIES

TORQUE SOLUTIONS & EQUIPMENT

- Hydraulic torque wrenches (square drives & low clearance cassettes)
- A wide variety of reaction arms to suit
- Impact sockets for a vast range of bolting
- Hydraulic pump, hose and accessory assemblies to suit most applications
- Customised hydraulic kits for shutdowns and heavy industrial applications
- A wide range of mechanical, electronic and digital hand torque wrenches
- Calibration and accuracy verification services, NATA traceable certificates
- Workshop, fleet and field solutions

NUTRUNNERS & TORQUE MULTIPLIERS

- A wide range of pneumatic & battery options up to 7,000 N·m
- Industrial nutrunners designed for mining, heavy machinery, construction and assembly
- High accuracy torque & angle tools
- Various reaction arm options to suit
- Safety focused, ergonomic solutions

PORTA POWER SOLUTIONS

- A comprehensive range of hydraulic jacks, pumps and rams/cylinders
- Customised porta power kits for workshops, maintenance and heavy mechanical tasks
- Hoses, fittings and other accessories
- Hollow core, locking collar, double acting and low clearance options available

SERVICING, REPAIRS AND CALIBRATIONS

- Regular calibration and servicing ensure quality, safety, and equipment longevity—essential for industries that rely on accurate, repeatable results.
- At WATT, all calibrations are NATA traceable. Every new or hire tool is fully tested to manufacturer specifications and issued with compliance certificates as required.
- In our specialised lab, we calibrate and certify manual, pneumatic and hydraulic torque tools as well as pressure gauges.
- Our skilled technicians can service and repair a vast range of tools and equipment using only OEM parts.

POLLUTION SOLUTIONS & SAFETY

- WANT Safety & Industrial, our sister company, is your trusted local supplier of spill kits, spill containment and safety products
- 30L and 50L oil & fuel, hazchem and general-purpose spill kit bags
- 120L and 240L oil & fuel, hazchem and general-purpose spill kit bins
- Mineral sponge, spillfix organic absorbent, pads and booms suitable for oil & fuel, hazchem and general spills
- Bunds, spill pallets and IBC spill containment units
- First aid kits & emergency information cabinets
- A wide range of eyewash stations and safety showers

SPECIALISED TOOLS & EQUIPMENT

- Track press
- Tensioning equipment
- Huck tools
- Low pressure gauges
- Custom pressure relief valves
- Laser pointers
- Flange facers/aligners/spreaders

WATT CAN WE DO FOR YOU?

WE PROVIDE:

- Reliable tools built for Australian worksites
- Fast, local calibration and service
- Flexible, customised hire and purchase solutions for projects, shutdowns and peak workloads
- Competitive pricing and trade support
- Proven industry experience with contractors and major operations

SALES

We supply a large range of tooling such as Norbar, Huck, Powerteam/SPX, Holmatro, Atlas Copco and more. Finding the best product to suit your needs is WATT we do.

EQUIPMENT HIRE

With an extensive range of torque tools and porta power equipment available for hire, we're sure to have what you need, when you need it.

CALIBRATION & TESTING

We can calibrate and certify manual, pneumatic and hydraulic torque tools up to 50,000 Nm and pressure gauges up to 36,000 psi, complete with NATA traceable certificates.

SERVICING AND REPAIRS

Our workshop technicians will repair and service a wide range of equipment for our clients to ensure safety, longevity, accuracy and reliability.

INDUSTRIES WE SUPPORT

MINING & RESOURCES

WATT partners with the mining industry by providing precision torque tools, lifting equipment, servicing, and expertise for demanding site conditions

OIL & GAS

WATT delivers reliable torque tooling, servicing and technical support to maintain safety, compliance and uptime

AUTOMOTIVE, HEAVY MECHANICAL & DIESEL WORKSHOPS

The WATT Team understand how critical accurate torque is and proudly delivers reliable tooling, fast calibrations and expert support

CONSTRUCTION & CIVIL ENGINEERING

Construction Companies and Civil Engineers know they can depend on WATT for fast, customised tooling solutions

TRANSPORT & FLEET MAINTENANCE

WATT supports transport and fleet maintenance with accurate torque tools, calibration and reliable service to keep all types of vehicles safe and road-ready

POWER GENERATION & UTILITIES

The WATT team understand that when dealing with essential assets and critical infrastructure high performance, reliable and compliant tooling is a top priority

MANUFACTURING & ASSEMBLY

WATT delivers accurate, high quality, torque tooling and portable power solutions to ensure operations meet specifications and compliance

INFRASTRUCTURE & FABRICATION

At WATT, we pride ourselves on delivering end-to-end hydraulic tooling and lifting solutions to support accuracy, compliance and project timelines

TORQUE SOON™
